**TEACH WITH PROGRAMS PROVEN TO WORK**

Direct Instruction (DI) is the efficacy-proven methodology at the core of our PreK–12 literacy and maths tiered curriculum solutions. For over 50 years, DI has empowered educators to deliver learning experiences proven to transform students at all levels into highly skilled and confident learners. Whether they are struggling, English Language Learners (ELL/ESL), learning support/special education, or on-level, DI is proven to work. It gives educators an explicit and systematic instructional framework and time-tested resources to help students meet and exceed achievement goals.

Direct Instruction (DI) is the methodology of instruction that provides the basis for the programs authored by the Engelmann-Becker Corporation (EB). These programs are known as DI programs. We use the capital letters to distinguish this from direct instruction, which is often used as way to describe explicit and systematic instruction.

**DIRECT INSTRUCTION'S PHILOSOPHY AND RESEARCH BASIS**

The creators of Direct Instruction built the approach on a few central principles, including the notion that all children can be taught, all children can improve, and all teachers can succeed when provided with the right support and materials. The recent swell in attention toward the Science of Reading is driven by a similar idea — that the global troubling reading outcomes are not due to the abilities of the student or the competency of the teacher but to ineffective training and resources.

**DECADES OF RESEARCH-PROVEN EFFICACY**

Research fuels all that we do to improve learning outcomes. Decades of research have consistently revealed strong evidence of academic achievement when students are taught using evidence-based intervention programs. Browse our research portal to learn about program-specific outcomes and efficacy.

KEY TO ICONS

- 

Direct Instruction: Programs using the DI model
- 

EAL/D: Programs are suitable for use with ESL students
- 

Special Education: Programs are suitable for use with students with Special Needs

Prices current as of June 2024 and subject to change without notice.

Phonemic Awareness

Phonological and phonemic awareness for early learners

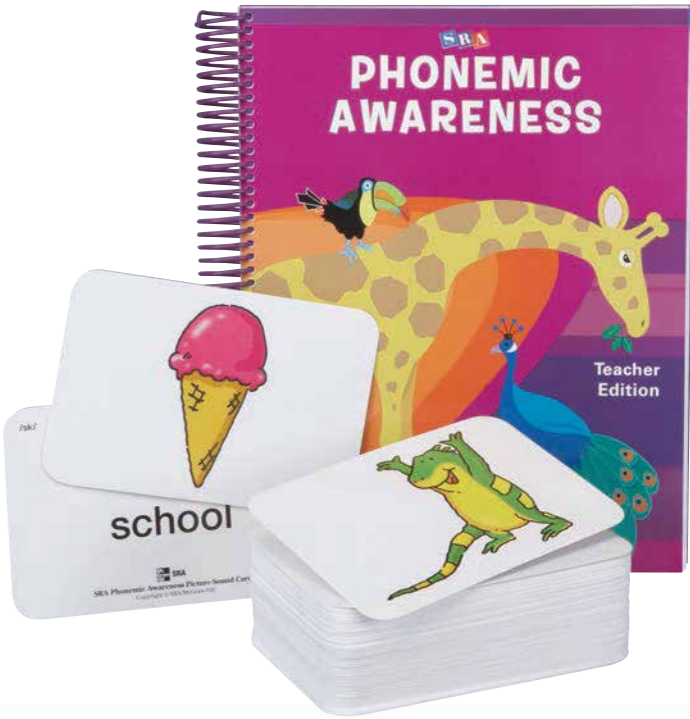

Years: PreK–1

Phonemic Awareness is a complete program for developing phonological and phonemic awareness.

- Uses phonemic awareness to establish the early framework necessary to help Pre-K–1 students become fluent and confident readers
- Supplements *Language for Learning* and the kindergarten level of *Reading Mastery*
- Makes focused intervention easier with a comprehensive scope and sequence
- Teaches all levels of awareness by presenting a developmental progression of skills
- The program contains 110 15-minute lessons featuring activities that follow the developmental sequence for teaching all levels of phonological awareness

Teacher Edition	978-0-07-609444-8	\$469.95
Additional Picture Cards	978-0-07-609443-1	\$133.95

# Language for Learning

**Years: PreK–2**

*Language for Learning* is a comprehensive oral language program that teaches your students the words, concepts and statements important to both oral and written language.

**Components**

*Language for Learning Teacher Materials:* Spiral-Bound Presentation Books (4); Teacher’s Guide; Answer Key; Behavioral Objectives Book; Skills Profile Folder; Picture Book for Assessment.

Student Materials		
Workbook A/B	978-0-07-609428-8	\$31.95
Workbook C/D	978-0-07-609429-5	\$31.95

Teacher Materials		
Teacher Materials	978-0-07-609427-1	\$1432.95

\*Developed by SRA for use with *Language for Learning* and not considered an essential component of the program

# Language for Thinking

**Years: 1–3**

*Language for Thinking* builds on the concepts, vocabulary and statement patterns introduced in *Language for Learning*. Sequenced activities, vocabulary development, extensive practice, sequencing and retelling exercises, and inference activities set the stage for reading comprehension and the grammatical analysis of written language.

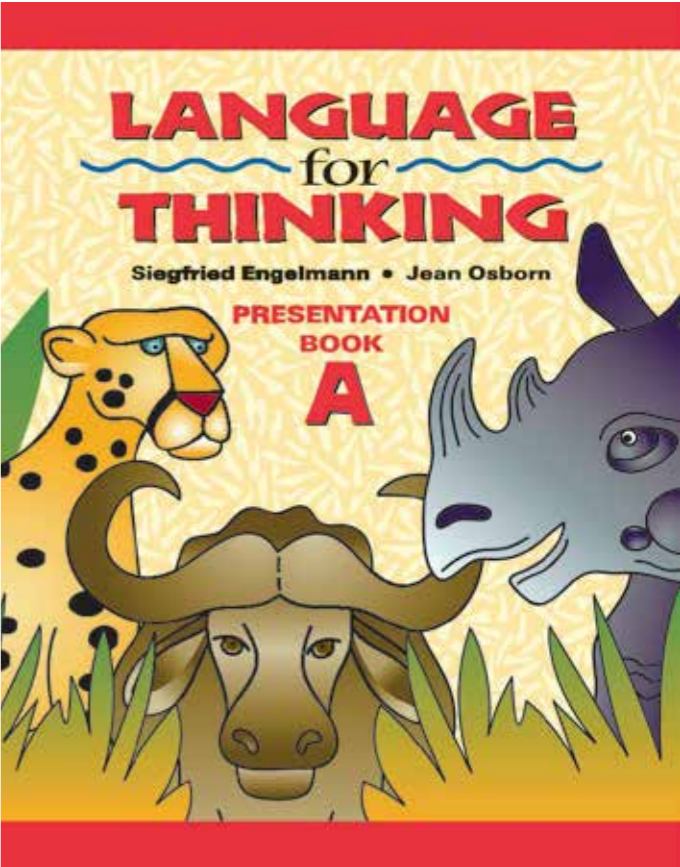

**Components**

*Language for Thinking Teacher Materials:* Spiral-bound Presentation Books (3); Teacher’s Guide; Answer Key; Behavioral Objectives Book; Skills Folder; and Student Picture Book and Workbook.

*Language for Thinking Mastery Test Package:* Teacher Handbook with Blackline Masters and Picture Book.

Student Materials		
Student Materials Student Picture Book	978-0-02-684887-9	\$93.95

Mastery Test Package	978-0-07-572188-8	\$98.95

# Language for Writing

Years: 2–5

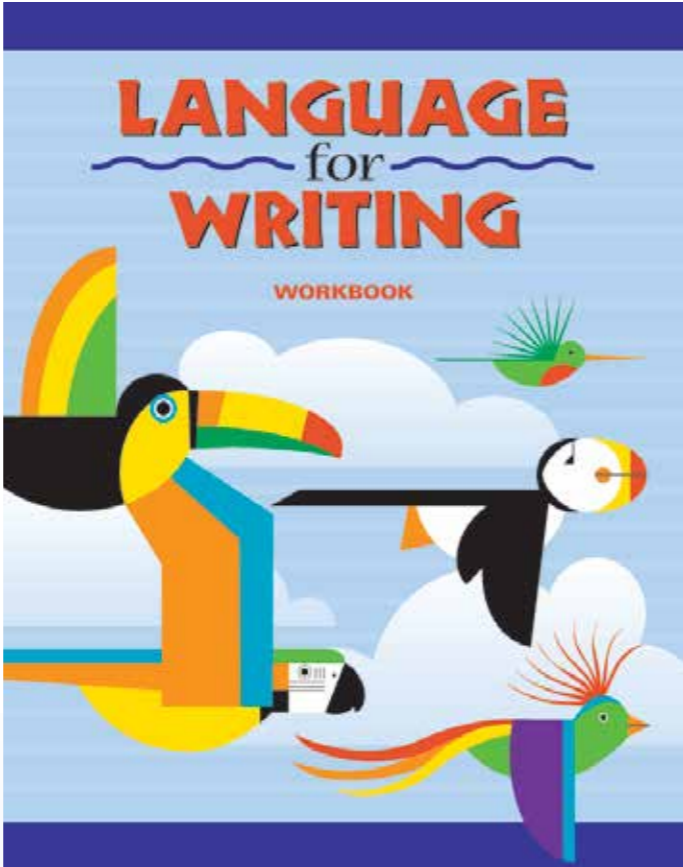

*Language for Writing* develops the critical thinking, vocabulary and communication skills students need to achieve high content standards. Ongoing exercises show students how to write narratives, use specific words, make precise comparisons, summarise and proofread.

Components

**Teacher Materials include:** 2 Spiral-Bound Presentation Books; 1 Teacher’s Guide; 1 Answer Key.

Student Materials		
Textbook (softcover)	978-0-07-600356-3	\$66.95

# Early Interventions in Reading

## Transform struggling readers into skilled readers

Years: K–2

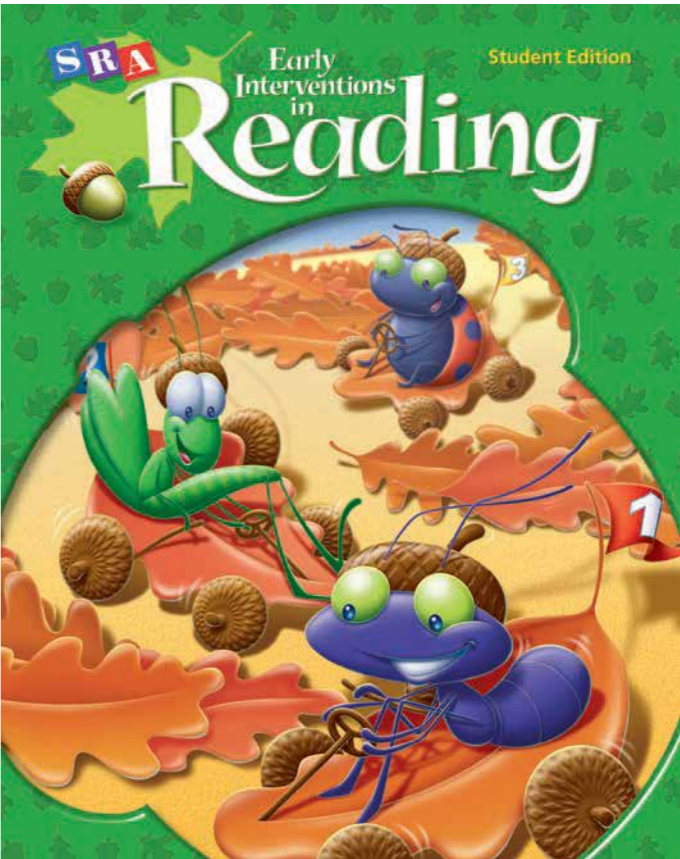

Solid research is at the heart of *SRA Early Interventions in Reading*. Designed to work comfortably with your core reading program, this early intervention program provides significant increase in the intensity of instruction that low-level readers need to meet year-level expectations. *SRA Early Interventions in Reading* helps you identify struggling readers in Years 1-3 and provide them with lessons that build mastery of essential skills through explicit, systematic instruction in five critical strands—phonemic awareness, letter-sound correspondences, word recognition and spelling, fluency, and comprehension.

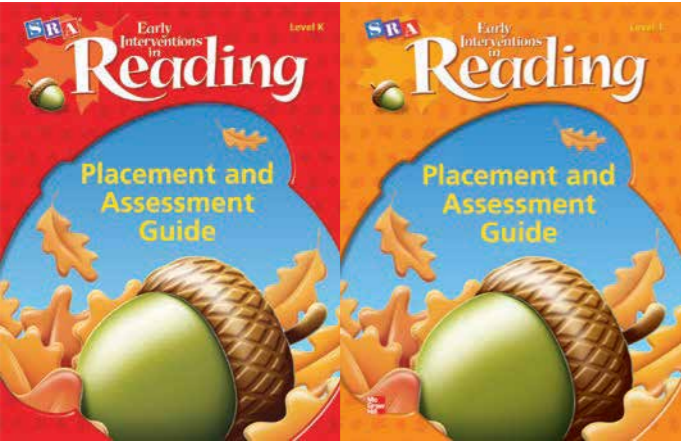

Benefits

- Reading skills of at-risk students are positively affected
- The gap between average performers and struggling readers is closed
- Students sustain a higher level of achievement into Years 2 and 3
- Ninety-eight percent of students learn to read within the normal range for Year 1 students

Components

**Level K Teacher Materials:** Teacher’s Editions A, B, and C; Read-Aloud Book; Pictures for Language and Literacy Support Book; Placement and Assessment Guide; Letter-Sound Cards (26); Picture Magnets (140); Stop and Go Game Set; Staff Development Guide; Student Activity Book (1); Hand Puppet; and Teacher Online Subscription.

**Level 1 Teacher Materials:** Teacher’s Editions A, B, and C; Pictures for Language and Literacy Support Book; Answer Key for Activity Books A, B, and C; Challenge Stories (1); Blackline Masters for Story-Time Readers; Placement and Assessment Guide; Letter-Sound Cards (52); Tricky Word Cards (69); Staff Development Guide; Hand Puppet; and Teacher Online Subscription.

**Level 2 Teacher Materials:** Teacher’s Editions A, B, and C; Building Background Knowledge Book; Answer Key for Activity Books A, B, and C; Placement and Assessment Guide; Letter-Sound Cards (52); Tricky Word Cards (50); Staff Development Guide; and Teacher Online Subscription.

--------------	-------------------	---------

# Spelling Through Morphographs

Years: 4–Adult

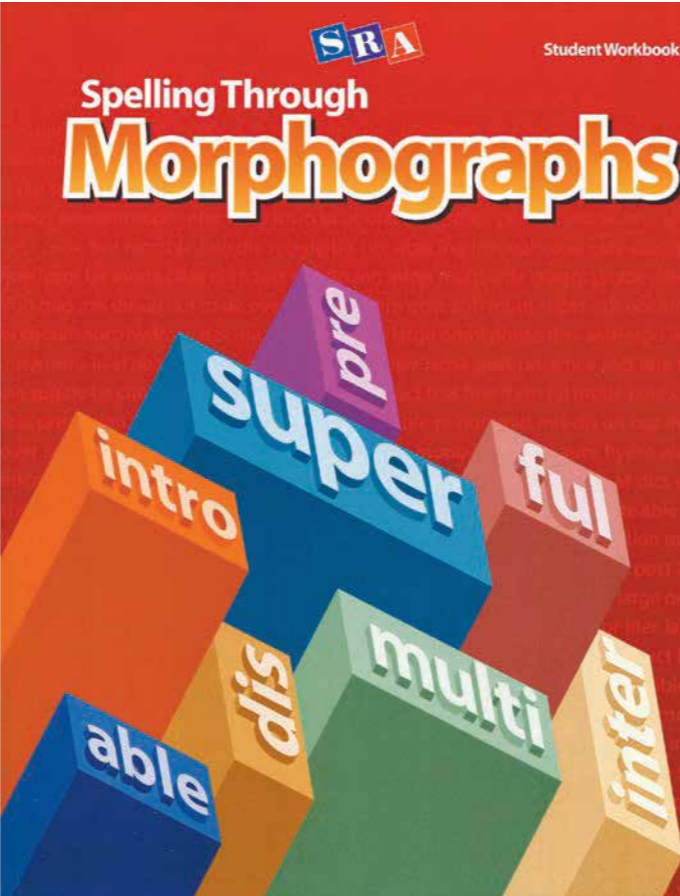

*Spelling Through Morphographs* is designed to give your older students the tools they need to catch up on key spelling skills. The program teaches a variety of morphographs (prefixes, suffixes and word bases) and a small set of spelling rules for combining them. Fast-paced lessons, a systematic review of every morphograph and a few simple spelling rules will ensure that your students master spelling strategies. Ideal for use in middle schools and secondary schools, with no streaming requirements.

- Introduces a spelling strategy and reliable rules that students can use to spell over 12,000 words
- Boosts vocabulary skills by teaching the meanings of common morphemes
- Improves students’ ability to decode multisyllabic words with instruction that focuses on word structure
- Reinforces the connection between spelling and composition with expanded writing and proofreading activities

Components

**Teacher Materials include:** 2 Teacher Presentation Books and Teacher’s Guide.

Teacher Materials	978-0-07-605396-4	\$595.95
Student Workbook	978-0-07-605395-7	\$36.95
Additional Teacher’s Guide	978-0-07-605399-5	\$69.95

# Corrective Reading Decoding

Years: 3–Adult

*Corrective Reading Decoding* is a research-proven solution for students who struggle with frequent word identification errors, add and omit words, confuse high-frequency words or read at a laboriously slow rate.

Components

**Corrective Reading Decoding Teacher Materials:** Presentation Books (1 or 2); Teacher’s Guide.

# Reading Mastery Signature Edition

**Comprehensive reading and language arts program for whole class or intervention**

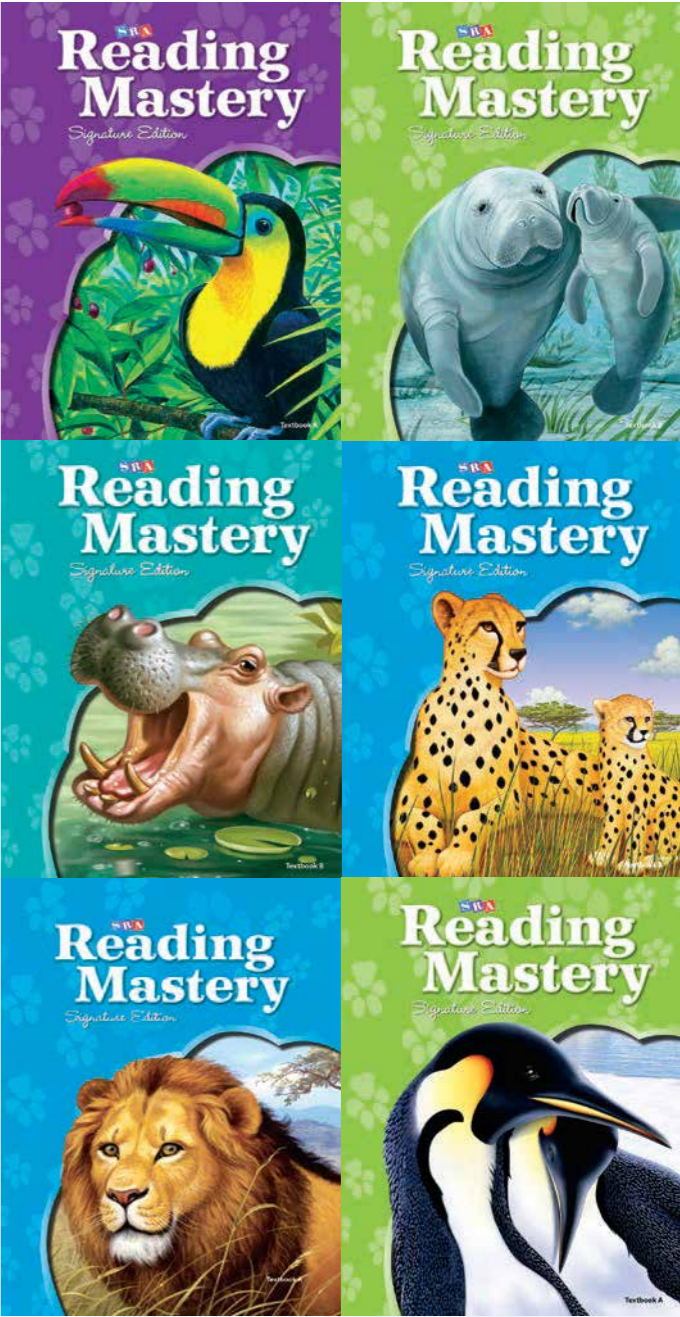

**Years: K–5**

*Reading Mastery* uses Direct Instruction to help students develop into fluent, independent and highly skilled readers. It offers a highly explicit systematic approach that accelerates reading and helps students achieve high levels of success.

Three strands—Reading, Language Arts, and Literature—can be implemented separately or combined to provide a comprehensive Reading/ Language Arts curriculum.

- **The Reading Strand** addresses all five essential components of reading; helps students connect encoding and decoding; and develops comprehension skills that transfer to other subject areas
- **The Literature Strand** presents a variety of literary forms and text structures that allow students to practice vocabulary and comprehension strategies as a group and independently
- **The Language Arts Strand** teaches the language skills needed to understand what is written, read, and spoken while also preparing students to communicate effectively
- **Student Materials** include storybooks that are more than 95% decodable; workbooks with comprehension activities; and test books to measure student progress
- **Teacher Materials** include presentation books with lesson plans for reading and spelling; and a curriculum-based assessment and fluency handbook to track student skill mastery
- **Program Resources** includes Online Professional Learning Courses
- **The Literature Strand** includes theme-related trade books; a Read-Aloud Library of 30 books featuring quality narrative and expository text; and a Read-Aloud Teacher’s Edition that presents explicit lessons on vocabulary-building and comprehension exercises

\*Developed by SRA for use with *Reading Mastery® Signature Edition* and not considered an essential component of the program

# Reading Mastery Transformations

## Years: K–5

Proven to raise reading performance for every student, *Reading Mastery Transformations* is a comprehensive English Language Arts and Reading program aligned to the Science of Reading. This evidence-based Direct Instruction solution supports Tier 1, Tier 2, and Tier 3 learning, including special education populations and students with Dyslexia. Reading Mastery Transformations is a brand-new edition of the best-selling Reading Mastery Signature Edition. It retains all the features of the original program, whilst bringing it right up-to-date with technology and digital assets to transform your teaching.

For over 35 years, *Reading Mastery* has helped thousands of schools achieve and sustain measurable gains in literacy. This game-changing program:

- Explicitly and systematically teaches foundational literacy skills
- Teaches students how to read, comprehend, and write narrative and informational text of increasing complexity
- Builds oral language fluency skills and is equipped to assess students with integrated voice technology that surpasses human-level accuracy – via SoapBox Labs!
- Motivates with intentional, interactive instruction, engaging content, collaborative work, and 50/50 expository and informational texts
- Transforms teaching with efficient instruction, digital materials and integrated lesson purchase
- Achieves substantial results with professional learning, just-in-time remediations, and easy to understand data reporting

### Science of Reading Proof Points

As an evidence-based Direct Instruction program, *Reading Mastery Transformations* (RMT) provides reading instruction aligned to the Science of Reading. Through a consistent methodology, educators explicitly and systematically teach

key foundational literacy skills and how to read, comprehend, and write narrative and informational text of increasing complexity—while building oral language fluency skills and increasing vocabulary. The Direct Instruction methodology provides explicit instruction for teaching skills associated with reading. The explicit instruction is characterised by a series of structured lessons that guide students through the learning process. Instruction for learning new skills includes clear explanations, modeling, as well as guided feedback and support until independent mastery has been achieved. This design methodology along with reading instruction aligned to the Science of Reading results in powerful academic outcomes.

Find out more about the specific ways in which the program supports the Science of Reading here:

### CORE COMPONENTS:

- Teacher dashboard with: – integrated reading, language arts, and spelling instruction (Teacher Presentation Books)
- Point-of-use professional learning
- Online assessment and reporting
- Just-in-time remediations
- Student reading and language textbooks and workbooks
- Student online data and reporting on student performance
- Student online assessments (Years 3–5)

# Expressive Writing

Years: 4–Adult

Students learn to express ideas and communicate clearly. The easy-to-use approach focuses on the writing and the editing of basic sentences, paragraphs and stories. Instructional strands include Mechanics, Sentence Writing, Paragraph and Story Writing, and Editing.

Components

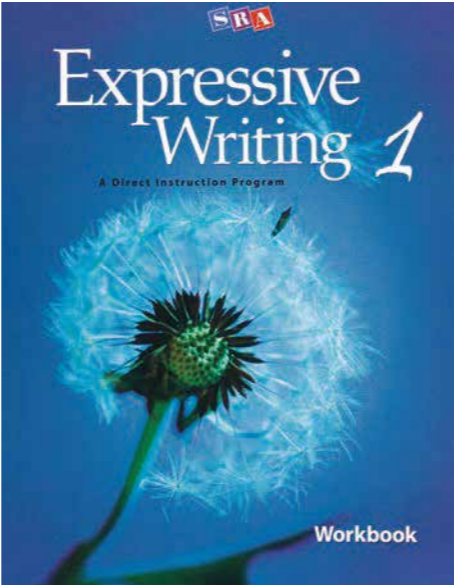

**Expressive Writing Teacher Materials:** Presentation Book and Teacher’s Guide 1–2.

Level 1

Workbook	978-0-07-603589-2	\$32.95
Teacher Materials	978-0-07-603587-8	\$282.95

Level 2

Workbook	978-0-07-603590-8	\$32.95
Teacher Materials	978-0-07-603588-5	\$282.95

# Reasoning and Writing

Years: K–8

In this explicit writing program, higher-level thinking skills combine with writing skills to help your students express their ideas efficiently and effectively. Carefully planned lessons with tightly-sequenced instruction ensures that concepts are continually applied and consolidated. By Level C, students are fully involved in the writing process and are developing consistent procedures for writing, editing, and revising their work. They learn to express their thoughts in a clear and consistent manner. They are shown how to critique their work as a reader would, thus eliminating possible sources of confusion.

*Reasoning and Writing* teaches:

- Analysis and logic to improve the ways students receive and convey information
- Thinking and reasoning skills necessary for critical reading
- Grammar, usage, and mechanics skills required for clear communication
- Skills essential for developing complete, effective sentences and for writing strong paragraphs

Components

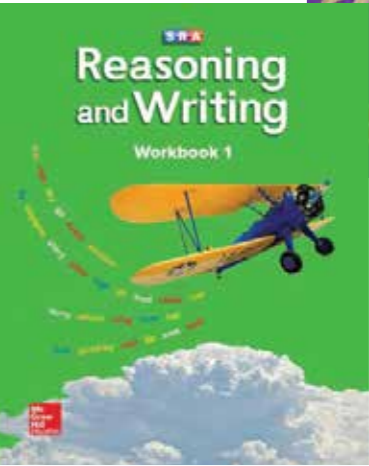

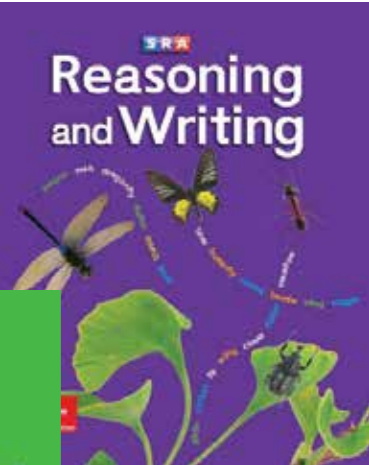

Teacher Materials include: 1 x Spiral Bound Teacher Presentation Book; 1 Teacher’s Guide. Student Workbooks are available only in packs of 5.

# SRA Reading Laboratory®

Years: 1–10

As one of the earlier personalised learning programs, *SRA Reading Laboratory*® has improved the reading and independent learning skills of more than 100 million students, becoming one of the most trusted names in reading. With an easy-to-use box of self-guided and levelled readers, *SRA Reading Laboratory*® develops confident readers through supplemental and personalised K-12 reading content that ensures each student is working at the right level and moving ahead at his or her own pace.

- Builds comprehension, vocabulary, fluency, word analysis and independent study skills
- Initiated quickly with simple placement and progress guidelines
- Empowers students to monitor their own progress and partner with the teacher to determine readiness to move on to the next colour-coded reading
- 50% fiction and 50% non-fiction reading selections
- Provides a sense of accomplishment when finishing and moving on to the next colour

Key features

- 25% of reading selections are completely new to the new edition
- Now includes Lexile® measures for all readings
- All reading selections reviewed and updated for current factual information and aligned with today’s academic integrity standards
- Refreshed overall design and look-and-feel
- Print-only eliminates the need for dependency on devices or Wi-Fi

To help choose the right reading laboratory for your class, consult our reading ages level guide at <https://www.mheducation.com.au/schools/literacy/reading-laboratory>

# SRA Reading Laboratories® Student Record Books

Years: 1–10

The Student Record Books help enhance each student’s learning experience by creating one place to record all their answers to the Reading Lab exercise questions on special record pages. Students can correct mistakes, record scores and chart their progress through the Power Builders. The books also contain a description of procedures, sample pages of trial exercises, and helpful suggestions for effective reading and study habits. Updated to match the latest editions of the SRA Reading Laboratory®.

\*SRA Reading Laboratory Student Record Books Levels 1 and 2 are copyright 2020. Levels 3a and 3b are copyright 2006.

# Ravenscourt Readers

## High Interest/Low Ability Readers

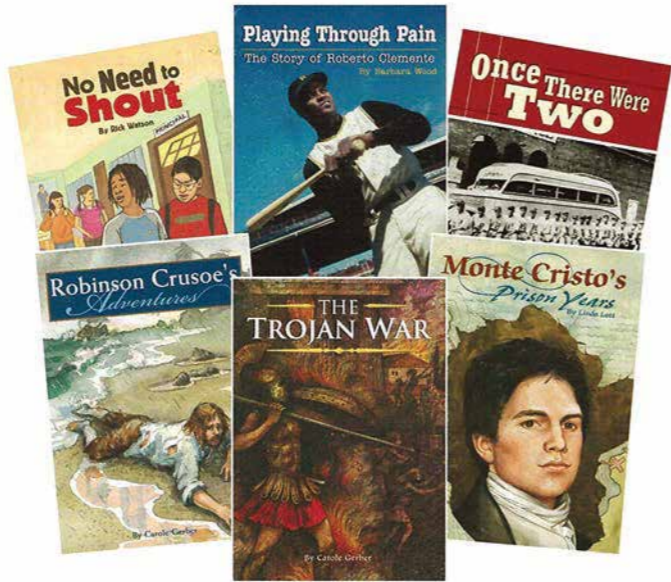

### Years: 3–6

Ravenscourt Books provide your students with age-appropriate fiction and non-fiction books to support independent reading. Each collection offers a wide array of age-appropriate texts from a variety of genres, including retold classics, fiction and non-fiction, motivating students to develop reading preferences. Compelling story lines, credible characters, and topics that pique interest, encourage students to read more, and build independent learning skills. These compelling Chapter Books:

- Offer engaging, informative themes
- Provide extra practice to help you build fluency and comprehension
- Are based on decoding and reading vocabulary presented in Corrective Reading\*
- Save you valuable instructional time
- Feature fast-moving story lines to help motivate reluctant readers
- Are easily incorporated into your reading program

For each level, comprehensive Teacher’s Guides support students to practice and apply decoding and comprehension skills such as identifying the main idea, drawing conclusions, comparing and contrasting and many other core literacy skills.

#### Reading Level 1 – Approximate Reading Level/Age (Years 3–4)

Getting Started Level 1 (8 titles)	978-0-07-611265-4	\$51.95

\*Teachers using the Corrective Reading Program have found the Ravenscourt Chapter Books to be a valuable addition to their curriculum. However, these books can also be used as a stand-alone resource.

# Open Court Reading Decodable Readers

### Years: K–3

Open Court Reading is a research-based core reading program with a wide range of components. The goal of Open Court Reading is for all students to be confident readers by year 3, as well as strategic readers and thinkers. Featured here are a selection of the Levelled Readers from the program. Perfect for use as stand-alone readers, these high-quality readers are ideal for use in class, or as take-home readers. BLM Take-Home books offer an alternative to sending home the printed books. Each story incorporates phonics elements and high frequency words.

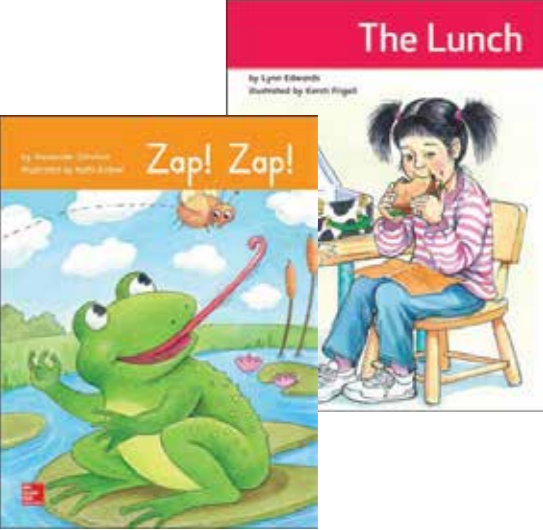

For a full list of titles included in every pack, please visit [www.mheducation.com](http://www.mheducation.com) and input the pack ISBN. Go to ‘Product Details’ – ‘What Comes In the Box’ to see a complete list of books included in the pack.

# Connecting Math Concepts: Comprehensive Edition

## Comprehensive Maths DI Program for whole class or intervention

Siegfried Engelmann, Douglas Carnine, Bernadette Kelly and Owen Engelmann

Years: K–5

Connecting Math Concepts: Comprehensive Edition works as a core or intervention program. Facts, procedures, conceptual understanding, applications and problem solving skills are combined in this program to provide a comprehensive curriculum for students.

- Introduces key concepts over the course of multiple lessons—providing the time students need to learn, process and build a deep understanding
- Delivers new online resources that effectively instruct, manage and monitor student progress
- Teaches explicit strategies and processes to accelerate student achievement
- Interactive White Board Displays allow teachers to display instructional math visuals and problems to help students follow daily routines
- Student eBook and Textbook includes teacher and student-guided exercises online
- Student Workbook contains mastery tests and two practice tests

Components

**Connecting Math Concepts Teacher Materials Level A-F:** Presentation Books, Teacher’s Guide, Answer Key, Board Displays, Workbook, Online Teacher Subscription (3 Years), Online Professional Learning Courses.

Level A

Student Materials		
Workbook 1	978-0-02-103572-4	\$25.95
Workbook 2	978-0-02-103573-1	\$25.95
Student Assessment Book	978-0-02-103595-3	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433340-0	\$734.95

Level B

Student Materials		
Workbook 1	978-0-02-103574-8	\$25.95
Workbook 2	978-0-02-103575-5	\$25.95
Student Assessment Book	978-0-02-103596-0	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433341-7	\$734.95

Level C

Student Materials		
Textbook	978-0-02-103578-6	\$65.95
Workbook 1	978-0-02-103576-2	\$25.95
Workbook 2	978-0-02-103577-9	\$25.95
Student Assessment Book	978-0-02-103597-7	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433342-4	\$734.95

Level D

Student Materials		
Textbook	978-0-02-103632-5	\$72.95
Workbook	978-0-02-103624-0	\$25.95
Student Assessment Book	978-0-02-103621-9	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433343-1	\$734.95

Level E

Student Materials		
Textbook	978-0-02-103633-2	\$76.95
Workbook	978-0-02-103625-7	\$25.95
Student Assessment Book	978-0-02-103622-6	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433344-8	\$734.95

Level F

Student Materials		
Textbook	978-0-02-103645-5	\$76.95
Workbook	978-0-02-103638-7	\$25.95
Student Assessment Book	978-0-02-103644-8	\$16.95
Teacher Materials		
Teacher Materials Package	978-1-26-433345-5	\$734.95
Program Resources		
Series Guide	978-0-02-103637-0	\$69.95

# Corrective Mathematics

## Intensive Maths Intervention DI Program

Years: 3–12

*Corrective Mathematics* provides targeted support for students who struggle with basic maths concepts, operations or word problems. The six strategic modules provide teacher-directed instruction on critical skills and concepts.

Components

**Teacher Materials:** Presentation Book with separate Answer Key.

Addition		
Workbook	978-0-07-602458-2	\$29.95
Teacher Materials	978-0-07-602460-5	\$346.95
Subtraction		
Workbook	978-0-07-602462-9	\$29.95
Teacher Materials	978-0-07-602464-3	\$346.95
Multiplication		
Workbook	978-0-07-602466-7	\$29.95
Teacher Materials	978-0-07-602468-1	\$346.95
Division		
Workbook	978-0-07-602470-4	\$29.95
Teacher Materials	978-0-07-602472-8	\$346.95
Basic Fractions		
Workbook	978-0-07-602474-2	\$29.95
Teacher Materials	978-0-07-602476-6	\$346.95

Fractions, Decimals and Percents		
Workbook	978-0-07-602478-0	\$29.95
Teacher Materials	978-0-07-602480-3	\$346.95
Series Guide		
Series Guide	978-0-07-602489-6	\$72.95

# Essentials for Algebra

Years: 7–12

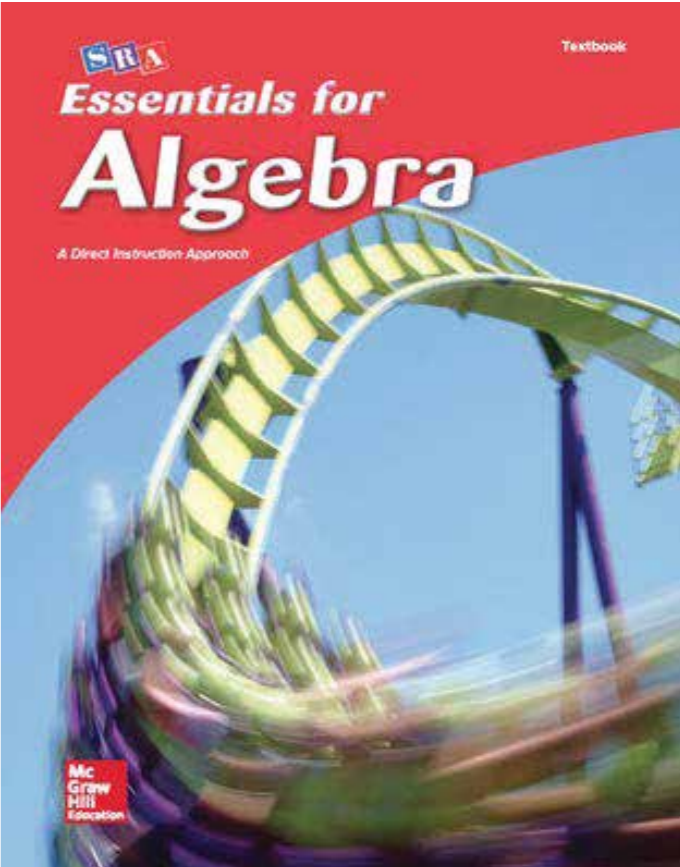

Through highly structured lessons in *Essentials for Algebra*, under-performing students will master essential pre-algebra content and gain an understanding of introductory concepts found in traditional Algebra I classes.

*Essentials for Algebra* offers a unique progression for introducing and expanding problem types. When a new skill or operation is introduced, it is presented in a highly structured, step-by-step manner. As students progress from one lesson to the next, the teacher provides less and less guidance. Work on new skills and problem types develops in small increments from lesson to lesson. Students are never overwhelmed and receive the practice needed to become skilled at solving complex problems independently.

Program features

- Concentrates on core concepts and procedures needed for algebra or to prepare for high school exit exams
- Carefully presents all the component skills and discriminations that students need to work complicated math problems
- Provides far more practice on each problem type than traditional programs offer
- Content starts with basic information and systematically adds details and extensions, enabling students to solve complex problems
- Uniform solution strategies allow struggling students to learn advanced mathematical content in the minimum amount of time
- Teaching techniques maximise the amount of time that students are engaged in application and practice

Teacher Package with CD Rom	978-0-07-602189-5	\$659.95
3 Year Digital Subscription (comp if want print also)	978-1-26-433334-9	\$310.95
Student Workbook	978-0-07-602193-2	\$27.95
Student Textbook	978-0-07-602192-5	\$109.95

# Distar® Arithmetic

Years: PreK–3

*Distar® Arithmetic* carefully teaches basic maths skills so students fully understand it and provides practice, ensuring student mastery. Students are shown how to use consistent, step-by-step thinking processes so all students can solve increasingly complex problems independently and with confidence.

The concept underlying *Distar® Arithmetic* is that virtually all children can learn if we teach them carefully. The basic maths skills tasks are structured as simply as possible so that students fully understand each step.

Lessons emphasise *thinking* and *understanding* before memorisation. Students are shown how to use consistent, step-by-step thinking processes so all students, even hard-to-teach children, can solve increasingly complex story problems independently and with confidence.

After any use of *Distar® Arithmetic* 1 you should use Connecting Math Concepts (CMC), however, *Distar® Arithmetic* 1 is not a requirement to go onto CMC, but rather for very at-risk or special education students.

Distar® Arithmetic - Behavioral Objectives Book - Level I	7008370	\$59.95
Distar® Arithmetic Level 1, Takehome Workbook I (Pkg. of 5)	7058361	\$131.95
Distar® Arithmetic Level 1, Takehome Workbook II (Pkg. of 5)	7058362	\$131.95
Distar® Arithmetic Level 1, Takehome Workbook III (Pkg. of 5)	7058363	\$131.95
Distar® Arithmetic Level 1, Teacher Materials - Level I	7008350	\$1410.95

## Programs Recommended for Education Support

To support the needs of students with complex learning support needs, McGraw Hill offers a range of specific programs that are designed to assist these students. Listed below are the programs that are particularly recommended for Education Support. Detailed program information including pricing can be found on the page numbers specified. For a discussion on what program best suits your needs, please contact your local McGraw Hill Education Consultant (details below):

### PHONEMIC AWARENESS

**PHONEMIC AWARENESS – YEARS PREK–1 (PAGE 1)**  
*Phonemic Awareness* is a complete program for developing phonological and phonemic awareness. It contains 110 15-minute lessons featuring activities that follow the developmental sequence for teaching all levels of phonological awareness. Use Phonemic Awareness to help establish the early framework necessary to help pre-K to Year 1 students progress into fluent and confident readers.

### LANGUAGE for LEARNING

**LANGUAGE FOR LEARNING – YEARS PREK–2 (PAGE 2)**  
Helps beginning and early intermediate ELL in elementary years achieve functional spoken English. Students learn the words concepts, and statements important to both oral and written language.

### LANGUAGE for THINKING

**LANGUAGE FOR THINKING – YEARS 1–3 (PAGE 3)**  
*Language for Thinking* builds on the concepts, vocabulary and statement patterns introduced in *Language for Learning*. Sequenced activities, vocabulary development, extensive practice, sequencing and retelling exercises, and inference activities set the stage for reading comprehension and the grammatical analysis of written language.

### Reading Mastery Signature Edition

**READING MASTERY SIGNATURE EDITION – YEARS K–5 (PAGE 11)**  
*Reading Mastery Signature Edition* uses evidence-based Direct Instruction to help students become fluent, independent and highly skilled readers. It offers a systematic approach that accelerates reading and helps students achieve a high rate of success. Three strands address reading, language arts and literature through a common instructional design that helps students learn more efficiently.

### Expressive Writing

**EXPRESSIVE WRITING – YEARS 4–ADULT (PAGE 18)**  
With this program, students learn to express ideas and communicate clearly. The easy-to-use approach focuses on the writing and the editing of basic sentences, paragraphs and stories. Instructional strands include Mechanics, Sentence Writing, Paragraph and Story Writing, and Editing.

### Distar® Arithmetic

**DISTAR ARITHMETIC – YEARS PREK–3 (PAGE 28)**  
*Distar® Arithmetic* is a comprehensive program designed to teach fundamental math skills, emphasising thorough understanding and mastery through carefully structured lessons. The approach focuses on consistent, step-by-step thinking processes, enabling students to solve increasingly complex problems independently and with confidence.

# Direct Instruction Research

## DECADES OF RESEARCH-PROVEN EFFICACY

Research fuels all that we do at McGraw Hill to improve learning outcomes. Decades of research have consistently revealed strong evidence of academic achievement when students are taught using Direct Instruction Programs.

## THE HISTORY OF DI RESEARCH

DI Programs are based on years of research on how children learn and the most effective ways to teach. This work produced the two basic principles of effective instruction:

1. All children can learn when instruction is systematic, explicit, and efficient. Instruction must proceed in a logical and systematic fashion. Elements must be carefully sequenced so that students have the necessary preliminary understandings for new learning. The instruction must be very clearly presented to ensure that only one possible interpretation can result from the presentation. These elements help ensure that it is efficiently designed and will teach the maximum amount of material in the shortest amount of time.
2. With systematic, explicit, and efficient instruction, students can master material more quickly and become more self-confident learners. Direct Instruction programs, developed by Siegfried Engelmann and colleagues, incorporate all of these elements of effective instruction. The programs are developed in a careful procedure that involves extensive logical analysis of the subject matter and strategies for testing the programs before they are published. These tests ensure that the programs are clear and explicit and that they efficiently present the material.

Years of research on how children learn show that even minor alterations in instructional presentations can produce confusion and slow children's learning. Direct Instruction programs include extensive guidelines for teachers in how to present the material in ways that are logical, clear, and systematic and in ways that consistently reinforce children in their learning.

## PROJECT FOLLOW THROUGH

Project Follow Through – the largest educational experiment ever conducted, was the first large-scale documentation of DI's superiority. Since that time many independent studies in a wide variety of settings have shown that children who receive Direct Instruction have significantly higher achievement, make more rapid educational progress, and have higher levels of self-esteem than students in other programs. Studies also show that as their students' achievement increases, teachers who use Direct Instruction become more self-confident and assured of their professional abilities.

# Direct Instruction Program Training

**To ensure best practice and fidelity, we recommend that you consider some of the training options available for teachers and schools in Australia. Where possible, we recommend training from one of our independent, NIFDI trained Consultants, who can deliver training both virtually and in person.**

## Complimentary Program Training – McGraw Hill Consultants

Basic program training is provided free of charge by your local McGraw Hill Education Consultant. This training includes program components overview, basics of DI delivery, placement testing and program delivery. Training can be delivered either face-to-face or online depending on your needs and availability of our team.

## Online Training

The National Institute for Direct Instruction (NIFDI) offers a very good introduction to DI Video series. This series is easy to access and free of charge. We recommend this course for all teachers who are new to DI. The topics covered include: What is Direct Instruction?; How are students assessed in the DI programs?; What directions are included in the Teacher Presentation Books?; What is the comprehensive Direct Instruction model?; and more.

## Program Specific Online Training

McGraw Hill provides comprehensive, complimentary online training for the following programs:

- Reading Mastery Signature Edition
- Reading Mastery Transformations
- Connecting Maths Concepts
- Corrective Mathematics
- Corrective Reading
- Early Interventions in Reading

Access to these free training materials is granted to adopters of these programs through our online platform Connect Ed. Training takes the form of comprehensive videos with extensive examples of teachers delivering the lessons. Each program also comes with a complimentary Teacher Guide which includes detailed information on all aspects of the program.

## Spelling Mastery Training

Good to Great Schools Australia (GTGSA) has partnered with McGraw Hill to provide complimentary Spelling Mastery online professional learning. This offer is open to all existing and new customers of McGraw Hill who are using the Spelling Mastery program.

Educators simply log on to GTGSA's professional learning platform, the Effective Teaching Portal, to access the comprehensive 12-lesson module.

The Spelling Mastery professional learning module teaches the practical skills and knowledge that educators need in the classroom to teach the program effectively.

The module features detailed information about effective teaching practices and techniques used in Spelling Mastery. Videos of experienced teachers sharing their Spelling Mastery teaching insights and implementation tips are supplied.

Teachers and teaching assistants who have completed the Spelling Mastery training module have described the design of the training as 'engaging with real-life videos', 'easy to understand and follow', and say that the written and visual displays make it 'easy to learn information'.

The module is aligned to AITSL's national teaching standards. Participants receive a certificate when they successfully complete the module. This can be used to demonstrate three hours of continuing professional development (CPD) for state or territory regulatory body requirements.

Register here for the online Spelling Mastery GTGSA training:

[www.goodtogreatschools.org.au/bundle/spelling-mastery](http://www.goodtogreatschools.org.au/bundle/spelling-mastery)

## Independent Direct Instruction Trainers

For tailored professional development for your school, McGraw Hill partners with a number of independent Direct Instruction trainers. All trainers are NIFDI qualified and offer training across all DI programs to suit your needs.

Please visit our website for details of independent DI trainers in Australia:

<https://www.mheducation.com.au/schools/direct-instruction-training-trainers>
